The screenshot displays the KScan3D software interface. At the top, there is a menu bar with options like Scan, Mesh Editor, New, Open, Delete, Save All, Export, Import, Lock, Align, Undo, Repeat, Combine, Uncombine, and Finalize. Below the menu bar is a toolbar with icons for various functions. The main workspace is divided into several panels. On the left, there is a "Point Cloud Meshing" panel with a "Mesh Density" slider and a "Build" button. Below that is an "Operations" panel with "Smooth" and "Erode" buttons, each with a multiplier of "x 1". Further down is a "Decimation" panel with a "Vertices" input field set to "0" and a "Percent" slider, along with a "Decimate" button. On the right side of the main workspace, there is a vertical list of thumbnails representing different parts of the scan, labeled "Final", "Combined_part_1", "Combined_part_2", "Combined_part_3", "Combined_part_4", "Combined_part_5", and "Combined_part_6". The central 3D view shows a gray, textured 3D model of a person wearing a hoodie, standing with arms slightly out. The bottom of the screenshot shows a video player interface with a progress bar at 0:07 / 4:36. Below the video player, the title "Kinect 3D Scanning Software KScan3D Tutorial - Part 1: Capturing Single Scans" is displayed, along with the channel name "3d3solutions" and a "Subscribe" button with 876 subscribers. The view count "29,197 views" is shown on the right. At the bottom left, there are icons for "Add to", "Share", and "More".
